MEDICAL BULLETIN OF MOST REVERED PRESIDENT MAHARAJ

Date : 19-03-2024

Most Revered President Maharaj was admitted in our Pratishthan on 29th January, 2024 with an existing urinary tract infection. He developed septicaemia, respiratory failure for which he was put on ventilator on 3rd March, 2024. On 11th day of ventilation, tracheostomy was done on 13th March, 2024. He subsequently developed acute kidney injury with gradually reducing urine output for which he is started on Haemodialysis. His vital parameters are maintained, though his present condition is critical. He is being closely monitored by a team of doctors.
